WARNING READ BEFORE USING YOUR PLAYSTATION™ GAME CONSOLE

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it, or submerge it in liquids.
- Do not leave it in direct sunlight or near a heater or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use.
- Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from the outer edge. Never use solvents or abrasive cleaners.

Setting Up the Game

MAIN MENU

From each Menu, use the directional arrow pad (D-pad) to select the menu options. Use the \otimes button to confirm your menu choice and to bring up the next menu. Use the \triangle button to CANCEL and return to the previous menu.

NOTE: The Select button returns you to the Main Menu from any screen.

SELECT GAME

Use this option to play an exhibition, set up a practice game, start a season, or go straight to the playoffs.

EXHIBITION

Use exhibition games to prepare yourself for the regular season. Exhibition results are not recorded in season standings. Highlighting this option and pressing the \otimes button will bring up the Team Select screen.

NOTE: Before starting a game, go to the Rosters menu to make changes to your roster and the Options menu to set up your game attributes.

TEAM SELECT

Play with any team from the NHL.

- D-Pad Up/Down to select Away Team or Home Team.
- D-Pad Left/Right to cycle through the available teams.
- D-Pad Up/Down to Load Rosters From, then Right/Left to select Original or Current Roster, and press the \otimes button to make your choice. A current roster is one that has been changed by trades, releasing players, creating players, etc.
- Press the \otimes button to start the game and bring up the Controller Setup screen or the \triangle to return to the previous screen.

CONTROLLER SETUP

Use this screen to assign your controller to a team and login your team initials. Be sure to login so that team records can be recognized.

- D-Pad Right/Left to assign your controller to a team.
- Press the \oplus button to begin logging your initials.
- D-Pad Right/Left to select a letter and press the \otimes button to lock it in. To move back and delete a letter, press the \ominus button.
- Press the \odot button to end your login and press the \otimes button to bring up the Pre Game Menu.

PRACTICE

A practice game allows you to set the number of players on the ice for each team. If you choose to only have one player per team, select 1 player. This will start a game with only a goalie playing for each team. Remove the goalies to play with one skater per side. Highlighting this option and pressing the \otimes button will bring up the Team Select screen.

- Follow the steps above to select a team and setup a controller.
- D-Pad Up/Down to Players on Team for the Away and Home teams.
- D-Pad Left/Right to select 1 through 6 for the number of players.
- D-Pad Up/Down to Load Players From Right/Left to select Original or Current Rosters, and press the \otimes button to make your choice.
- Press the \otimes button to start the game and bring up the Controller Setup screen or the \triangle to return to the previous screen.

SEASON

A season allows you to play an entire season and takes you into the playoffs. At any time during the season, you can simulate a game by pressing the \odot button during the game setup. This will simulate that date's game for the entire league. Know that if a game chosen to be simulated is a game down on the schedule, all games prior to it will also be simulated. Also, at any time during the season, press R1 to end the season.

NEW ONE-PLAYER

New One-Player allows a single user to play an entire season. Selecting it will bring up Schedule and Team screen for the season.

- D-Pad Left/Right to select a team.
- D-Pad Up/Down to select a game from the season to play.
- Press the \otimes button to bring up the Controller setup screen. See Controller setup above for details.

When a game is finished, go to the Memory Card menu to save your season game.

NEW MULTI-PLAYER

New Multi-Player allows more than one user to play in the same season. During a multi-player season, games can be simulated for the entire league or just for a particular team. Games can be played out of schedule order in a multi-player season. Be sure to select the Sim Team function to only simulate a game for that team. See New One-Player above to set up a Multi-Player game.

CONTINUE

Continue a Season at the next scheduled game or skip to a different game further down on the schedule. Again, games can be simulated. To use the Continue Season option, you must have already started a Season and saved the results on the Memory Card. The season must be loaded prior to selecting this option. See Season above for more details of how to set up a Season game.

NOTE: Skipping games in a one-player season will simulate all prior games. In a multi-player season, all games skipped can still be played.

TEAM STATS

View the team stats for the entire league.

- D-Pad Right/Left to cycle through the league's teams.
- D-Pad Up/Down to view the team's entire list of stats.

PLAYER STATS

View individual stats of every player from each team.

- D-Pad Right/Left to cycle through the league's teams.
- D-Pad Up/Down to view the team's entire list of player's. Cycle through statistical categories by pressing the \oplus (Left) and the \ominus (Right) buttons.
- Press the \otimes button to view goalie stats.

LEAGUE LEADERS

View the statistical leaders of the NHL. See Player Stats above to view League Leader stats.

STANDINGS

View the Conference standings of the league.

- D-Pad Right/Left to toggle between divisions.

PLAYOFFS

Use this menu to start a playoff series without playing an entire season. If you would like to continue a previously saved playoff, be sure to load the series from the Memory Card.

To play a New-One Player or New Multi-Player playoff series:

- Highlight the menu option and press the \otimes button to bring up the playoff brackets.
- D-Pad Up/Down to choose between a 1 game or 7 game series and press the \otimes button.
- D-Pad Up/Down to select a seeded team in a bracket and D-Pad Right/Left to select your teams for that bracket.
- To toggle between conferences, press the \odot button.
- Press the \otimes button to exit the screen and bring up the Controller Setup screen. See Controller setup above for more details.

NOTE: After exiting the playoff screen, you will no longer be able to change the teams within the brackets.

AWARDS

View the awards given at season's end to the best players and teams.

ROSTERS

The Rosters menu option allows you to make changes to every existing team roster in the NHL. You can also alter a team's lines.

Remember: A team's roster can not exceed 25 players and must have at least 17, including at least 2 but no more than 3 goalies.

LINE MANAGER

Adjust any or all of the seven lines set up for each team.

- D-Pad Right/Left to select a team.
- Press the L1/R1 buttons to cycle through the team's lines.
- To change a line, D-Pad Up/Down to select a player to take off of a line and press the \otimes button to lock him in. This will also move your cursor to remaining team roster on the bottom part of the screen. Press the \odot button to cancel your choice.
- D-Pad Up/Down to select a player from the team roster to put on that line and press the \otimes button to make the switch.

TRADE PLAYER

Attempt to trade any player to and from any team to create a dominant roster. A team may reject a trade at any time. Or a trade can be nullified due to roster restrictions. Keep in mind that any player from any team can be released and then signed by any team.

- D-Pad Right/Left to select a team to trade from.
- D-Pad Up/Down to select a player(s) to trade and press the \otimes button.
- Press the \odot button to switch to the team select on the bottom or top of the screen.
- D-Pad Right/Left to select a team to trade to.
- D-Pad Up/Down to select a player(s) to trade and press the \otimes button.
- Press the \odot button to complete the trade.

If a trade is nullified or refused, press the \otimes button to deselect the player(s) and try to trade another player(s).

CREATE PLAYER

Create a free agent player with the type of skills to lead you into the playoffs. Only 25 players can fit into the free agent pool. From the Create Player screen:

- D-Pad Up/Down to highlight the player name attribute.
- Press the ⊗ button to activate the alphanumeric chart.
- Spell out a name by using the D-Pad Left/Right to highlight a letter or number and pressing the ⊗ button to lock it in.
- Highlight END and press the ⊗ button to exit the chart.
- D-Pad Down/Up to select the other player categories and D-Pad Right/Left to select player attributes.

Continue to D-Pad to the right portion of the screen to customize your player skill levels. With only 450 points to distribute among the eleven categories, be wise in your allocation of each point to provide maximum efficiency for each player. Goalies have only 400 points to allocate. Skill ratings range between 40 to 99 points.

- D-Pad Down/Up to an attribute and D-Pad Right/Left to increase/decrease the skill rating for that attribute.
- If more than one player has been created, Press the L1/R1 buttons to toggle through all created players.
- Press the △ button to exit the screen and include your player in the free agent pool.

NOTE: Try to allocate your players points in a way that will create a 99 overall player.

RELEASE PLAYER

Release a player or players from any roster in the league. Remember, each team must have a minimum of 17 players on the roster. Released players go into the free agent pool.

- D-Pad Right/Left to select a team roster.
- D-Pad Down/Up to select a player and press the ⊗ button to release him to the free agent pool.

SIGN FREE AGENT

Sign a player from the free agent pool. You must have room on your roster to pick up a player. Choose from the players you've created or from released players from around the league.

- D-Pad Right/Left to select a team roster.
- D-Pad Down/Up to select a player and press the ⊗ button to sign a player from the free agent pool.

PLAYER CARDS

Each player card has complete game stats and physical attributes of each player.

- D-Pad Right/Left to select a team roster.
- D-Pad Down/Up to select a player to view.
- Press the ⊗ button to toggle between player stats and player attributes.

RESET ROSTERS

If at any time you would like to restore the rosters to their original players, select this option.

OPTIONS

Use Options to adjust the attributes of the game setting.

PERIOD LENGTH (5, 10, 20)

Set the length of each period to the desired time. 5 minute periods will result in a 15 minute game.

GAME SPEED (0-100)

Set the pace of the game. The higher the setting, the quicker the pace.

PENALTIES (ON/OFF)

If penalties is ON, penalties will be called during the game.

LINE CHANGES (ON/OFF/AUTO)

If line changes is ON, you can manually change your lines during the play by pressing the select button. A setting of Auto will change lines automatically for you during the game.

OFFSIDES (ON/OFF)

If offsidess is ON, skating offsidess will not be allowed. Offsidess occurs when an offensive player enters the offensive zone before the puck.

TWO LINE PASS (ON/OFF)

If two-line passing is ON, passing the puck across two lines will not be allowed. A two-line pass occurs when the puck is passed over any two lines.

ICING (ON/OFF)

If icing is ON, stoppage of play will occur when a puck is dumped down the ice. Icing occurs when a team equal or reater in numerical strength to the opposing team shoots the puck from their half of the ice, beyond the goal line of the opposing team, and is first touched by the opposition. Icing is called off if the puck crosses the goal crease.

INJURIES (ON/OFF)

If injuries is ON, players may get hurt and have to leave the game.

DIFFICULTY (ROOKIE/VETERAN/ALL-STAR)

Face Off '98 offers three different player levels to choose from. To prepare yourself for the challenge of playing at the All-Star level, first master the rookie and veteran levels.

PLAYER ID (NAME/NUMBERS)

Choose the way your player is identified during the game.

FIGHTING (ON/OFF)

Turn fighting on to get into it with the other team's tough guy. See the Control Code section to learn the controls for fighting.

PA ANNOUNCER (ON/OFF)

If PA Announcer is ON, you will hear the play by play of the game.

SOUND (ON/OFF)

If sound is ON, you will hear the sound effects and organ music of the game.

STATS PANEL (ON/OFF)

If the stats panel is ON, you can view the stats of the game while the game is in progress.

PLAYER PHOTOS (ON/OFF)

If player photos is ON, you can view the picture of a particular player in the roster screens.

RECORDS

Records are tabulated from the 3 different period times at all 3 player levels in 12 different categories. To include records from previous games, they must be loaded from the Memory Card prior to playing a new game. From the Records screen:

- D-Pad Right/Left to view the records from Rookie at 5 minute periods to All-Star at 20 minute periods.
- D-Pad Down/Up to view the entire list of records.

MEMORY CARD

Use the Memory Card menu to save a finished game/season/playoff, load a game/season/playoff, or save and load records.

SAVE GAME

If you choose to save a finished game:

- D-Pad Down/Up to select a Memory Card slot and press the ⊗ button.
- Name your game by using the D-Pad Right/Left to cycle through the alphabet and press the ⊗ button to lock in the letters.
- To back up and delete a letter, press the ⊖ button.
- Press the ○ button to end the save setup.
- Press the ⊗ button to select Yes to save.

LOAD GAME

To continue a season or playoff, you must first load it from the Memory Card. From the Load Game screen:

- Choose the game from the Memory Card and press the ⊗ button to load the game.

SAVE RECORDS

To save the records from a season or playoffs, from the Save Records screen:

- Press the ⊗ button to select Yes to save the records.
- Choose a slot from the Memory Card and press the ⊗ button to save records.

LOAD RECORDS

To load records, from the Load Records screen,

- D-Pad Right/Left to choose the slot from the Memory Card to load from and press the ⊗ button.

Playing the Game

TWO PLAYER GAME

In a two player game, the controller on the top (controller 1) controls the player highlighted in blue. The controller on the bottom (controller 2) controls the player highlighted in red. The same applies when both players are playing on the same team.

MULTI PLAYER GAME

In a multi player game, the appropriate equipment is needed. A Multi tap must be used to allow more than two and up to eight players to compete. A maximum of four players can play per team.

USING ICONS

While you have the puck during play, pressing the L2 button will bring up five icon buttons under your teammates. Use these symbols to make quick decisions on the ice. While the icons are visible, press the corresponding button icons of the player to pass or shoot.

Pass the puck	Tap the button corresponding to player icon.
One-Timer	Double tap the button corresponding to the player icon.
Return pass	Hold down the button corresponding to player icon.
One-time pass	Press one button corresponding to player icon followed by another.

LINE CHANGES

With Line Changes set to ON, during each faceoff, a small line change window will appear on the screen showing the stamina of each line. Change lines often for a constant flow of fresh players. To change a line, press the button that corresponds with the line you want to put on the ice.

- Press the Ⓐ button to change to the first line shown in the window.
- Press the Ⓑ button to change to the second line shown in the window.
- Press the ⊗ button to change to the third line shown in the window.

PRE-GAME MENU

Use the Pre-Game Menu to further customize your game.

START GAME

Select this option to start the game.

OPTIONS

See Options section earlier in this manual for descriptions.

TEAM SETTINGS

Use this option to set the attributes of the team.

GOALIE CONTROL (AUTO/MANUAL)

Manual allows you to have complete control of the goalie. See the Game Controls section to learn how to control the goalie.

GOALIE STATUS (IN/PULLED/AUTO)

Set the status of your goalie to be in the game, pull him from the game, or let the computer decide when to pull the goalie to add an extra attacker.

PLAYER SWITCHING (AUTO/MANUAL)

During a game using Auto Switching, the user of the game controls the man with the puck. If you pass the puck, you become the puck carrier.

- Press the Ⓐ button to move to the closest man to the puck.

Using Manual Switching, you play without the puck. If you pass the puck to Steve Yzerman, Steve Yzerman controls the puck. You remain your original player.

- Press the R1 button to switch to the closest man to the puck.

BREAKOUT (CROSS FRONT/CROSS BACK/POSITIONAL)

In a **Cross Front** breakout, forwards cross in front of you. (See Fig. 1 on page 23)

In a **Cross Back** breakout, forwards cross behind you.

In a **Positional** breakout, forwards don't cross.

OFFENSE (2 IN FRONT/TRIANGLE/POSITIONAL)

A **2 In Front** offense is designed to screen the goalie and set up rebounds.

A **Triangle** offense cycles the players.

In a **Positional** offense, the forwards stay in their lanes with one always ready to backcheck. (See Fig. 2 on page 23)

DEFENSE (NORMAL/PRESSURE/ZONE)

In a **Normal** defense, your man stays a little off the man he is guarding.

In a **Pressure** defense, your man plays tight on the man he is guarding.

In a **Zone** defense, each man is responsible for a zone. (See Fig. 3 on page 23)

FORECHECKING (NORMAL/LEFT WING LOCK/TRAP)

Normal forechecking is 1 forward harassing the defensemen in the opponent's defensive zone.

A **Left Wing Lock** has 2 forwards harassing the defensemen in the opponent's defensive zone with 3 men back. (See Fig. 4 on page 23)

Trap forechecking is an attempt to trap your opponent in the neutral zone.

POSITION (CENTER/LEFT WING/RIGHT WING)

The focus player will be in the best position to score.

CONTROLLER SETUP

See Controller setup earlier in this manual for information on how to set up your controller.

CAMERA ANGLE

Choose from five camera settings.

A **Vertical** view is the default view from one end of the ice.

A **High Vertical** view is a view from one end of the ice at a higher perspective.

An **Ice Level** view is a view as if you were on the ice watching.

A **Diagonal** view is a view from one corner (diagonal) of the ice.

A **Side** view is a view from the side of the rink.

INCIDENT REPORT (ON/OFF)

During the game, view the injuries and/or ejections of the players. Find out if/when a player will return from the locker room.

TEAM MATCHUP

Compare the categorical ratings of each team.

EDIT LINES

See the Edit Lines section earlier in this manual for details.

Game Strategy

FIG. 1

In a **Cross Front Breakout**, the center and the left wing always stay in front of the puck carrier.

FIG. 2

A **Positional Offense** is conservative. Forwards generally stay in their lanes. There is always one forward high to protect against 3 on 2 breakouts.

FIG. 3

In a **Zone Defense**, each player is responsible for a specific area of the ice.

FIG. 4

In a **Left Wing Lock**, three men are always back to prevent 3 on 2 breakouts.

SOFTWARE WARRANTY

Sony Computer Entertainment America (SCEA) warrants to the original purchaser of this SCEA product that this Game Pak is free from defects in material and workmanship for a period of ninety (90) days from the original date of purchase. SCEA agrees for a period of ninety (90) days to either repair or replace, at its option, the SCEA product. You must call 1-800-345-SONY to receive instructions to obtain repair/replacement services.

This warranty shall not be applicable and shall be void if the defect in the SCEA product has arisen through abuse, unreasonable use, mistreatment, or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE SCEA. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL SCEA BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SCEA SOFTWARE PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of consequential damages, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
